

Lettering Instructions

PLEASE NOTE: To avoid having to enter the same printing (such as a team name or the year) on all of your awards, put this information in the first box with the word "SAME" underneath. We will then know this information goes on all items and you will not have to repeat the lettering for each item. When additional information such as Class, Place, Division or Name of winner, etc., is required – please put in an individual box. Please print or type clearly all lettering instructions.
